

EDUCATION

University of Southern California - Los Angeles, CA

Aug. 2024 - May 2026

Master of Science in Computer Science - Game Development

GPA: 3.63

University of California, Irvine - Irvine, CA

Sept. 2017 - Jun. 2022

Bachelor of Science in Computer Engineering

GPA: 3.359

SKILLS

- **Programming:** C, C++, Python, JavaScript, Java, HTML, CSS
- **Game Development:** Unity, gameplay systems, UI, input handling, debugging, game testing
- **Quality Assurance:** Exploratory testing, regression testing, bug tracking, system validation, root cause analysis

PROJECT EXPERIENCE

Sisyphus' Worst Day (Again)

Aug. 2025 - May 2026

Quality Assurance Lead

- Led end-to-end QA testing across iterative builds, identifying, documenting, and tracking reproducible issues using a centralized ticketing system
- Developed and executed structured test plans to validate gameplay systems, UI functionality, and overall build stability
- Collaborated closely with developers and designers to communicate findings, verify fixes, and support a polished player experience

Typomancers

Sept. 2025 - Dec. 2025

Team Captain & Developer

- Led a team with varying skill sets, coordinating tasks and prioritizing work to ensure steady development progress
- Implemented gameplay and UI systems involving real-time input handling, error detection, and words-per-minute tracking
- Iterated on gameplay systems through regular playtesting and player feedback analysis

Cat Burglars

Jan. 2025 - May 2025

UI & Network Engineer

- Designed and implemented the user interface while creating original 2D art assets to convey essential information and reinforce the game's communication-focused design
- Programmed core gameplay systems, including world interaction, puzzle mechanics, and dual-perspective logic
- Engineered multiplayer synchronization systems to support real-time cooperative gameplay

Personal Portfolio Website

2025 - Present

Developer

- Built a web portfolio from scratch using HTML, CSS, and JavaScript
- Conducted functional testing, cross-browser compatibility checks, and UI verification

WORK EXPERIENCE

Wevr

Oct. 2025

Contract QA Playtester

- Performed focused QA testing on VR game builds, identifying gameplay, UI, and technical bugs
- Documented and reported reproducible issues with clear steps

Best Buy Geek Squad

Jun. 2023 - Jul. 2024

Consultation Agent

- Diagnosed and repaired hardware and software issues on client devices, sharpening troubleshooting and QA skills
- Translated technical concepts for clients, building strong communication and user-focused thinking
- Maintained the highest device testing completion rate as part-time staff, ensuring timely repair workflows
